

OREGON'S DAIRY OUTPUT GROWING

LAST YEAR'S PRODUCTION IS
VALUED AT NINETEEN MILLION
DOLLARS BY DAIRY COMMISSIONERS

SALEM, June 14.—That the total value of the dairy products of the state for 1912 was \$19,000,000, which is \$7,000,000 in excess of the state's next largest crop—livestock—its value being \$12,000,000, is the declaration made by State Dairy and Food Commissioner Mickie, in his bulletin for May, which is just being issued.

Prospects for a material increase for this year are good, he says.

facilities, and enjoys discussing all of the details of the long and tedious journey across the plains and her early experience in Oregon. She states that the Link River crossing is the most natural place she has seen for some time, and remembers distinctly the time she crossed the river with the party on their way to Rogue River. She claims that she and her sister were the first two women to ride through Cow Creek canyon, and it is probable that her party was the first to come into Oregon by the southern route from the East. Mrs. Foster rode horseback through the canyon, assisting in driving the cattle brought from Missouri.

About thirty-eight years ago her husband and herself moved to near Summer Lake, where she has resided since. She is the mother of fifteen children, several of whom still live in Lake county. The Foster place in Summer Lake is one of the most magnificent ranches in that valley, and produces nearly every variety of fruit. Notwithstanding her advanced age, Mrs. Foster enjoys traveling, and is perfectly able to take care of herself among strangers. She is a great reader, and is more familiar with national politics than many of the younger generation, and discusses modern events with the same intelligence and enjoyment as she does those happenings of the earlier history of Oregon.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Klamath Falls

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are disordered. This is the true cause of many bearing-down pains, lameness, backache, etc. Urine poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a fellow sufferer tell you about Doan's Kidney Pills.

Mrs. Esther Eads, 808 C St., Grants Pass, Ore., says: "I used Doan's Kidney Pills for backache, and they gave me such great relief that I have told a number of my friends about them. I will always give this remedy my endorsement."
